Stargazing an Out-Of-This-World Success!

"I would like to thank the library for putting on the stargazing on the [April] 20th. It was very interesting and informative. The gentlemen guiding us were very knowledgeable and didn't mind helping those of us who were novices. In addition to the moon, it was very exciting to learn each of the constellations as they appeared. Looking forward to the next one! Thanks again,"-Faith Cantrell, library patron.

"This program was very informative. We would love to do it again later in the summer."-Marge Lewter, FOL President

Conceptual Design for a Community Center/Library

Can our little library grow into this?

The County Board of Supervisors, Town Mayor, and the public were introduced to the Conceptual Plan for the Community Center /Library. Our civic leaders will be moving forward with deliberation to define the next steps.

"If I could, I would write you a check for the whole thing right now!"- Member of the Public

Mountain Star

Friends of the Library Annual Meeting, at the *Brick Hotel***May 22, 6:30 p.m.**→ **Guest Speaker:** Dr. Mary Ashby McDonald

Dr. McDonald will read a passage from her recently published book, *The Magnet*. "McDonald points the reader to a "Magnet" who collects the deadly remainders from our pasts, leading to the healing of our own hearts." *The Magnet* is McDonald's touching journey and a must read for anyone who loves animal stories, struggles with childhood trauma, or just needs to know that there is hope for a better life. She and her husband, Jack, live in Catawba, where they are restoring a historic farm. She is also author of the bestseller *Starting and Running Your Own Horse Business*.

THE MAGNET**Community Yard Sale**

Very successful! All around the area the community's families and churches had a busy day selling. Library books also found new homes by the bag load!
